

# unicare

the health insurance partner for GEM members

Independent broker in the field of health insurance, Unicare offers consulting and helpdesk services to the human resources department of the members of the Group of Multinational Enterprises (Groupement des Entreprises Multinationales-GEM) as well as to their employees and their families.

## Our services dedicated to HR departments and employees

### Helpdesk

A user assistance platform in 4 languages, for the management, follow-up and support of each insured person.

### Consulting

The expertise of our health insurance consultants for the analysis of the company's risk and the situation of new affiliated members, for advice and assistance, monitoring of premiums and insurance conditions, etc.

### Customer area

Digital and secure access to insurance contracts and all documents relating to health insurance (contracts, premium tables, etc.).

### Communication to employees

Information sessions, on site presence and provision of documents to facilitate the understanding of the Swiss and French health care systems as well as the GEM collective contract.

## The « + »

For companies with health insurance premiums for employees and their families deducted from the salary, provision of specific services (link with payroll, distribution of premiums, invoice control).

## Our tailor-made health insurance solutions
